

Residents of St. Regis Park.

We hope your trees weathered the ice storm, but we know some did not. Sit tight for a while, if there is no immediate danger, and many limbs will return to their normal position.

If you have a limb or whole tree that poses a danger, go ahead and contact a tree service that is bonded, insured, and has an arborist on staff. A partial list is included below. Take pictures of the damage for documentation.

There is similar advice for limbs that have broken off jaggedly. You may well want a professional to cut them off appropriately or remove higher branches. Again, take pictures, as Cindi will not be able to get out immediately to see every damaged tree. Then use the maintenance form below to officially request help.

Sincerely,

Cindi and the Tree Board

#### Tree Maintenance Request

As a resident of St. Regis Park, I agree to give the City of St. Regis Park (and its agents) permission to enter my premises for the purpose of evaluating the condition of my tree(s) and release them from liability for same.

I understand that the city's arborist will determine what work should be done to properly maintain my tree(s) so that I can become eligible for the city's tree maintenance reimbursement program. Sign below and submit by scan or digital photo to [msmattingly@outlook.com](mailto:msmattingly@outlook.com) or mail to St. Regis Tree Board PO Box 20429 Louisville KY 40250-0429. Briefly describe what you think needs to be done—limb up oak in front yard, evaluate maple in back yard, etc.
